## ABOUT ME

### I'm A Full Stack Developer.

Strong in back-end and integration with intuitive problem-solving skills. Proficient in Javascript(Node.js, React, React Native), PHP, SQL and MongoDB. Passionate about implementing and launching new projects. Ability to translate business requirements into technical solutions. Looking to start the career as an entry-level software engineer with a reputed firm driven by technology.

## EDUCATION

### DAV Institute of Engg. & Technology, Jalandhar — *BTECH*

Year 2017 - Present

I'm currently pursuing B.Tech in Information Technology (IT)

### Police DAV Public School, Jalandhar — *High School*

Year 2015 - 2017

I did my schooling from Police DAV Public School in Jalandhar.

## PROJECTS

### Tinge Framework (V2) — *Open Source (PHP)*

Tinge Framework is a very lightweight PHP Framework which is specially designed to build RESTful APIs and it only supports MySQL Database by default.

URL: <https://github.com/rupinder-developer/Tinge-Framework>

### Active Records (V2) — *Open Source (PHP)*

Active Record Database Pattern This pattern allows information to be retrieved, inserted, and updated in your database with minimal scripting.

URL: <https://github.com/rupinder-developer/ActiveRecords>

### MySQLees — *Open Source (Node.js)*

MySQLees is an ORM Library for MySQL in Node.js. This project is in progress.

URL: <https://github.com/rupinder-developer/MySQLees>
